

Memorial Garden

In 2009 the memorial Garden was established close to Our Lady's Statue.

The Garden also provides a suitable place in which ashes can be scattered.

The Church has special rites for this and a suitable date and time for relatives to attend may be arranged with the Parish Priest.

Memorial Plaques will be placed on granite panels, well above the ground and can be erected for past and present parishioners.

The plaques are of a uniform size and shape as shown this pages.

To order a plaque please fill out the form which is part of this leaflet and return it to the Parish Office.

The plaque may only be fixed to the wall by the person authorized by the parish and will be placed in accordance with the master plan.
