All Saints Hall
Needs Your Love

A living part of Fitzroy history

Architectural Significance

Originally a prefabricated iron factory built by Edwin Maw in Liverpool, UK and imported during the Gold Rush, our Hall is heritage listed as one of only six prefabricated commercial iron buildings and the only Maw building in Victoria.

Faith & Mission

From Rechabite Hall to Wesleyan Sunday School, Methodist Jubilee Hall, Catholic Parish Hall, and a place of worship for Coptic Catholics, our Hall has provided a place of faith and mission for the people of Melbourne for more than 150 years.

Education and Community

The Parish Hall is an integral part of Sacred Heart Primary School. Home to their award winning "Harmony in Strings" music program, the Hall also hosts a Breakfast Club (offering free meals for students), Cubs and Scouts, the Australian South Sudanese Community Elders & Council Inc. as well as community film nights, discussions, and concerts.

Restoration Appeal

Help us preserve the heritage and future of All Saints Hall, a cornerstone of faith and community that is in urgent need of restoration.

We aim to

Rescue, Restore & Renew

our beloved Hall

Under the auspice of The National Trust, **an initial fundraising target of \$200,000** has been set to address urgent remedial works to the building fabric and ensure the hall is safe for use.

A generous donor has already donated \$30,000 to help launch this appeal. We are now seeking **your** generous support to ensure that the hall will be a much valued community asset for another one hundred years.

Every contribution, big or small, matters—**All Saints Hall needs your love!** Make a difference!

Help keep this beloved space thriving
