

Dear Parishioners,

We would like to inform you about an important matter concerning our church building. After many faithful years of service (and a heroic effort during many chilly mornings), our heating system has finally decided it would like to retire. It has become increasingly unreliable, inefficient, and—despite our best hopes—immune to prayer alone.

Following professional assessment, it is clear that a full replacement is now necessary to ensure a safe and comfortable environment for all who gather in our parish. Work is currently in progress to install a new heating system. While this is a significant and much-needed improvement, it also comes with a considerable financial cost.

We humbly ask for your support in helping us meet this expense. We welcome your contributions, donations to be made in the following ways:

- By placing your offering in the **special envelope** available in the church
(this can be weekly or one off)
- By making a transfer to the

Name: **Future Maintenance Account**
 BSB: 083 347
 Account number: 294362890

Every contribution, no matter the size, will make a meaningful difference and is deeply appreciated. And who knows—your generosity might help ensure that next winter, the only thing giving you goosebumps is the sermon!

We thank you for your continued generosity, care, and commitment to our parish community. Together, we can ensure that our church remains a warm and welcoming place for worship and fellowship for years to come.

With gratitude and blessings,
Dispin and the Finance Committee
